Accessories

Introduction

NS 7 & 8 is a battery operated night switch for the CTC-systems. The Night Switch is used to easily Part arm and disarm the system. Part Arm the system when the red button is pressed and the green button disarms the system.

Specifications

Power Supply: 12 V Alkaline battery (23A)
Current Consumption: idle: 0; RF Transmission: 27mA
Battery life: 60 Months
Radio Frequency: 868(NS-8) or 433 MHz (NS-7)
Operation Range: 300m in open space.
Code combinations: 16,777,216 codes
Temperature Range: -20C ~ +50C
Humidity: up to 85%
Dimension: 68.27mm (L) x 40.33mm (W) x 17.40mm (H).
Weight: 40g
